Brooklyn House

CARE HOME WITH NURSING

Brooklyn House is a modern purpose built care home set in attractive gardens and enjoying a prime position in the centre of Attleborough.

In this popular location nursing care is provided for up to 40 people over the age of 60. It is our aim to provide a comfortable and enjoyable home with a warm and friendly atmosphere, where residents can enjoy the highest standard of care from highly trained and qualified staff.

THE HOME

Brooklyn House has a warm and friendly 'home from home' atmosphere, with hotel-style services. The home provides comfortable, bright and spacious accommodation, which is laid out over two floors, all fully accessible via lift.

The home has recently undergone an extension and re-configuration of the bedrooms and now provides 38 light and airy bedrooms that offer a choice of accommodation to suit individual needs. The majority of the rooms have en-suite facilities, and all are fitted with a 'nurse call' system and television point. Showers/wet rooms have been incorporated into each of the en-suites, which are ideal for residents with mobility issues. There are assisted baths available throughout the building, so everyone can enjoy a choice of bath or shower. The existing bedrooms have undergone a full refurbishment.

Brooklyn House benefits from a new sun room to enhance the extent and presentation of communal accommodation, providing additional choice for residents on where to spend their day. Specifically designed for caring for elderly people, the home is equipped with every modern facility to ensure high standards.

Outside, the landscaped gardens and patio areas provide a venue for outdoor activities, such as sensory therapy, or to simply unwind and relax.

PROFESSIONAL NURSING & HEALTHCARE

At Brooklyn House we pride ourselves on being able to provide comprehensive short and long-term packages, carefully designed to meet the needs of each individual.

On duty 24 hours a day, our dedicated multi-disciplined team provides high quality care appropriate to individual needs. Our key focus is to provide a safe, homely and supported environment with a positive person centred approach. Residents are welcome to retain the services of their existing GP if this can be arranged.

LIFESTYLE

Dining is an important part of life at Brooklyn House. We place great emphasis on traditional cooking and offer a wide variety of choice. A fully qualified cook prepares all meals, which are carefully planned to ensure they are of high nutritional value. We are more than happy to cater for special diets and individual preferences. In addition to breakfast, lunch and supper, hot and cold drinks and a range of snacks are available throughout the day.

We like to encourage residents to take their meals together to promote a good social spirit. However, there is the option for residents to dine in the privacy of their own room.

Residents are free to do those things which they have always enjoyed. We believe this helps maintain a person's purpose and self worth, which upholds their dignity and fosters a respectful environment.

We ensure a wide range of activities are available so that residents can continue their pursuit of hobbies and lead as active a lifestyle as they wish. Our dedicated Activities Coordinator ensures there is always something going on. Our active residents' and relatives committee plays a key part in helping to develop new ideas and suggestions as to how the home is run and the type of services available.
